The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Dear Supervisors:

**APPROVAL OF AN AGREEMENT WITH RCC CONSULTANTS, INC. FOR
PUBLIC SAFETY RADIO INTEROPERABILITY CONSULTANCY SERVICES
AND AN APPROPRIATION ADJUSTMENT
(ALL DISTRICTS) (4 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and instruct the Chair of the Board of Supervisors to sign the attached agreement with RCC Consultants, Inc. (RCC) for Public Safety Radio Interoperability Consultancy Services with a maximum contract sum of \$2,300,000.
2. Authorize the Sheriff, or his designee, to sign and execute applicable documents of this agreement, when the original contracting entity has merged, been purchased, or otherwise changed; and to execute amendments to meet the needs of the Los Angeles County Sheriff's Department (Department), if it is in the best interest of the County.
3. Approve an Appropriation Adjustment, in the amount of \$880,000 from the Designation for Interoperability and Countywide Communications to the Sheriff's General Support budget unit (in Services and Supplies) to augment the Sheriff's Fiscal Year 2006-2007 budget.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to establish an Agreement with RCC to refine detailed needs, available resources, and then specify voice and data network(s) which will be able to support the operational needs of all public safety agencies within the County of Los Angeles. RCC is expected to build upon the findings of earlier

A Tradition of Service

projects that address County-wide requirements and design concepts and then prepare detailed specifications for a new County-wide multi-agency, interoperable public radio system. RCC is also expected to completed their tasks in a timely manner so that a Request For Proposal (RFP) for the system will be ready for release in no more than nine months after the signing of the agreement.

The Urban Area Security Initiative (UASI) Grant Program

The U.S. Department of Homeland Security, Office of Domestic Preparedness (ODP), has provided \$765 million in funding under the Fiscal Year (FY) 2006 UASI grant program to 35 high-threat urban areas nationwide and 11 cities that were UASI-designees last year. The City of Los Angeles has applied for and been awarded the grant on behalf of the Los Angeles/Long Beach Urban Area and is authorized to administer the grant. It is anticipated that the Department will be awarded \$2.5 million under UASI in mid-2007.

The grant funding was requested to study the feasibility of a County-wide single platform interoperable communications system. This study must be completed no more than six months after signing of a contract with a needs assessment based on existing recent studies and/or personal agency interviews. The consultant must concurrently write the necessary specifications and requirements so that a RFP can be released no more than nine months after signing of a contract.

Implementation of Strategic Plan Goals

The services provided under this agreement support the County's Strategic Goal 3, Organizational Effectiveness. Specifically, the agreement will enable the public safety agencies of the region to effectively communicate during a multi-agency response, especially in the event of a homeland security or emergency response incident. The services provided under this agreement also support the County's Strategic Goal 8, Public Safety, Strategy 1, Implementation of Region-wide public safety radio interoperability system.

FISCAL IMPACT/FINANCING

The consultancy services will involve over 8,000 work hours to survey sites, define user requirements, finalize technical specifications, and develop the RFP package. The maximum contract sum is \$2,300,000 and this amount will be fully reimbursed from the UASI Grant through the City of Los Angeles.

In view of the time constraints of this UASI Grant project, Chief Administrative Office (CAO) has identified an advance amount of \$880,000 from the Designation for Interoperability and Countywide Communications to be transferred to the Sheriff's

General Support budget unit (in Services and Supplies) to enable the consultants to start their work early, so that tasks required within nine months can be completed.

It is expected that the UASI Grant funds from the City of Los Angeles will be available well before this advance amount is exhausted. A Memorandum of Agreement (MOA) with the City of Los Angeles on accepting this UASI Grant is being prepared. This MOA will be submitted to your Board for approval as soon as the financial arrangements with the City of Los Angeles have been finalized.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In September 2000, RCC was hired by the County to explore the feasibility of replacing the existing and nearly obsolete Fire and Sheriff's Radio Communications systems with a single modern radio system to provide extensive voice and data services, and improve coverage throughout the County. As a result of the study, it was recommended that a consolidated radio communications system for Fire, Sheriff's, and Office of Public Safety should be implemented. In April 2005, the Regional Interoperability Steering Committee (RISC) was created to explore the feasibility of conducting a County-wide radio interoperability study. The RISC consisted of the chief executives of the major public safety departments within Los Angeles County as well as the Chief Administrative Officers for the City and County of Los Angeles, and representatives of the independent police and fire chiefs.

In July 2005, RISC also hired RCC to validate the concept of interoperability across Los Angeles County public safety departments, and to study the need for public safety radio communications interoperability between the Los Angeles Police Department (LAPD), the Los Angeles Fire Department (LAFD), the Port of Los Angeles Police, the Los Angeles World Airports Police (LAWA), the Los Angeles County Sheriff's Department (LASD), the Los Angeles County Fire Department (LACoFD), the Los Angeles County Department of Health Services (LACoDHS), and other public safety agencies within the Los Angeles County area. In this 2005 study, RCC concluded that interoperability between the public safety agencies of the City of Los Angeles and the other public safety agencies in the Region would best be achieved with the creation of a shared Region-wide single platform voice and data radio system.

The new radio system would be shared by LAPD, LAFD, LASD, LACoFD, LACoDHS, and the many municipal public safety agencies within Los Angeles County. It would be created by pooling the agencies' UHF band radio frequencies into a shared radio system for voice and utilizing the agencies' 800 MHz frequencies as a shared mobile data system.

The County Counsel has reviewed and approved this proposed Agreement as to form.

CONTRACTING PROCESS

RCC is the best known source vendor on the subject. It will take another consultant a year or more to acquire similar understanding and knowledge on the subject. Only RCC has the necessary background and proprietary knowledge that will allow the County to meet the stringent UASI Grant requirements of an accelerated study, needs assessment, and the RFP within the specific time frame.

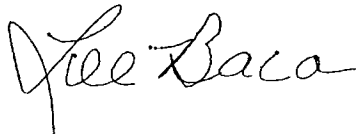

IMPACT ON CURRENT SERVICES

There will be no negative impact on current Department operations and services. This proposed agreement will help provide for complete interoperability throughout Los Angeles County and the Southern California Region; encompassing major portions of the five surrounding counties.

CONCLUSION

Upon approval by your Board, please return two (2) adopted copies of this action to the Sheriff's Department, Contracts Unit, for further processing.

Sincerely,

A handwritten signature in cursive script that reads "Leroy D. Baca".

9. COUNTY'S OBLIGATION FOR FUTURE FISCAL YEARS

9.1 Notwithstanding any other provision of this Agreement, either expressly or by implication, County shall not be obligated for Contractor's performance hereunder or by any provision of this Agreement during any of County's future fiscal years unless and until the Board appropriates funds for this Agreement in County's budget for each such future fiscal year. In the event that funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated and such termination shall be deemed a termination for convenience pursuant to Paragraph 6.0 (Termination for Convenience) of Exhibit A (Additional Terms and Conditions). County shall endeavor to notify Contractor in writing of any such non-appropriation of funds at the earliest possible date. Nothing in this Agreement shall be construed to require Contractor to undertake, commence, or continue any Work for which sufficient funds have not been appropriated by County.

9.2 The Agreement (annual, monthly, hourly) rate may be adjusted annually based on the increase or decrease in the U.S. Department of Labor, Bureau of Labor Statistics' Consumer Price Index (CPI) for the Los Angeles-Riverside-Orange County Area for the most recently published percentage change for the 12-month period preceding the agreement anniversary date, which shall be the effective date for any cost of living adjustment. However, any increase shall not exceed the general salary movement granted to County employees as determined by the

Chief Administrative Office as of each July 1 for the prior 12-month period. Furthermore, should fiscal circumstances ultimately prevent the Board from approving any increase in County employees salaries, no cost of living adjustments will be granted.

10 INVOICES AND PAYMENTS

10.1 Approval of Invoices

All invoices submitted by Contractor for payment must have the written approval of County Project Director, as evidenced by County Project Director's countersignature, prior to any payment thereof. In no event shall County be liable or responsible for any payment prior to such written approval.

ADDITIONAL TERMS AND CONDITIONS

The following additional terms and conditions are applicable to, and form a part of, the Agreement. Capitalized terms not otherwise defined in this Exhibit A (Additional Terms and Conditions (as used in this Exhibit A (Additional Terms and Conditions), this "Exhibit") have the meanings given to such terms in the base document of the Agreement.

1.0 SUBCONTRACTING

1.1 General

County has relied, in entering into the Agreement, on the reputation of and on obtaining the personal performance of Contractor itself. Consequently, no performance of the Agreement, or any portion thereof, shall be subcontracted by Contractor except in accordance with the procedures set forth in this Paragraph 1.0 (Subcontracting). Any attempt by Contractor to subcontract any performance, obligation, or responsibility under the Agreement, except in accordance with the procedures set forth in this Paragraph 1.0 (Subcontracting), shall be null and void and shall constitute a material breach of the Agreement, upon which County may immediately terminate the Agreement.

1.2 Procedure for Subcontracting

If Contractor desires to subcontract any portion of its performance, obligations, or responsibilities under the Agreement to any subcontractor, Contractor shall adhere to the following procedures.

1.2.1 Contractor shall notify County Project Director of its desire to subcontract a portion of the Work, which notice shall include the reason for the proposed subcontract, and a description of the Work to be performed under the proposed subcontract.

1.2.2 The identity of such subcontractor and why such subcontractor was selected.

1.2.3 A certificate of insurance from the proposed subcontractor which establishes that the subcontractor maintains all the programs of insurance required by the Agreement.

1.2.4 If the proposed Work is to be performed by a subcontractor, then in addition to the foregoing, Contractor shall provide:

- i. A draft copy of the proposed subcontract. The material provisions of any approved subcontract between Contractor and a third party may be changed or amended, as applicable, only with the prior written approval of County Project Director, which approval shall not be unreasonably withheld; and
- ii. Any other information and/or certifications reasonably requested by County.

County Project Director will review Contractor's request to subcontract and determine, in his discretion, whether or not to consent to such request on an individual basis. Without limiting in any way County's prior approval rights, Contractor shall deliver to County Project Director a fully executed copy of each subcontract entered into by Contractor pursuant to this Subparagraph 1.2.4, on or immediately after the effective date of the subcontract but in no event later than the date any Work is performed under the subcontract.

- 1.2.5 Contractor shall obtain an executed subcontractor Employee Acknowledgment and Confidentiality (see Exhibit E1 (Contractor's Employee Acknowledgement and Confidentiality Contract)) for each of subcontractor's employees performing Work under the subcontract. Such Contracts shall be delivered to County Project Director on or immediately after the effective date of the particular subcontract but in no event later than the date any such employee commences performing Work under the subcontract.

1.3 Contractor Responsibilities.

- 1.3.1 Notwithstanding any County consent to any subcontracting, Contractor shall remain responsible for any and all performance required of it under the Agreement, including the obligation properly to supervise, coordinate, and perform, all Work required hereunder, and no subcontract shall bind or purport to bind County. Further, County approval of any subcontract shall not be construed to limit in any way Contractor's performance, obligations, or responsibilities, to County.
- 1.3.2 In the event that County consents to any subcontracting, such consent shall be subject to County's right to reject any and all subcontractor personnel providing services under such subcontract.
- 1.3.3 In the event that County consents to any subcontracting, Contractor shall cause the subcontractor, on behalf of itself, its successors and administrators, to assume and be bound by and shall be deemed to have assumed and agreed to be bound by each and all of the provisions

of the Agreement and any amendment hereto as it relates to or affects the Work performed by subcontractor hereunder.

- 1.3.4 Contractor shall be solely liable and responsible for any and all payments and other compensation to all subcontractors and their officers, employees, and agents. County shall have no liability or responsibility whatsoever for any payment or other compensation for any subcontractors or their officers, employees, and agents.

2.0 DISPUTE RESOLUTION PROCEDURE

2.1 General

Contractor and County agree to act immediately to resolve mutually any disputes that may arise with respect to the Agreement. All such disputes shall be subject to the provisions of this Paragraph 2.0 (Dispute Resolution Procedure) (such provisions are collectively referred to as the "Dispute Resolution Procedures"). Time is of the essence in the resolution of disputes.

2.2 Continued Work

Contractor and County agree that, the existence and details of a dispute notwithstanding, both parties shall continue without delay their performance hereunder, except for any performance, other than payment by County for approved Work, that the parties mutually determine should be delayed as a result of such dispute.

- 2.2.1 If Contractor fails to continue without delay its performance hereunder that County, in its reasonable discretion, determines should not be delayed as a result of such dispute, then any additional costs which may be incurred by Contractor or County as a result of Contractor's failure to continue to so perform shall be borne by Contractor, and Contractor shall make no claim whatsoever against County for such costs. Contractor shall promptly reimburse County for such County costs, as determined by County, or County may deduct or offset all such additional costs from any amounts due to Contractor from County.

- 2.2.2 If County fails to continue without delay to perform its responsibilities under the Agreement which Contractor, in its reasonable discretion, determines should not be delayed as a result of such dispute, then any additional costs incurred by Contractor or County as a result of County's failure to continue to so perform shall be borne by County, and County shall make no claim whatsoever against Contractor for such costs. County shall promptly reimburse Contractor for all such additional Contractor costs subject to the approval of such costs by County.

2.3 Dispute Resolution Procedures

In the event of any dispute between the parties with respect to the Agreement, Contractor and County shall submit the matter as follows:

- 2.3.1 Contractor and County shall first submit the matter to their respective Project Managers for the purpose of endeavoring to resolve such dispute.
- 2.3.2 If the Project Managers are unable to resolve the dispute within a reasonable time, not to exceed five (5) Business Days from the date of submission of the dispute, then the matter immediately shall be submitted to the parties' respective Project Directors for further consideration and discussion to attempt to resolve the dispute.
- 2.3.3 If the Project Directors are unable to resolve the dispute within a reasonable time not to exceed five (5) Business Days from the date of submission of the dispute, then the matter shall be immediately submitted to Contractor's president or chief operating officer and the Sheriff of the County of Los Angeles. These persons shall have five (5) Business Days to attempt to resolve the dispute.
- 2.3.4 In the event that at these levels, there is not a resolution of the dispute acceptable to both parties, then each party may assert its other rights and remedies provided under the Agreement and its rights and remedies as provided by law.

2.4 Documentation of Dispute Resolution Procedures

All disputes utilizing the Dispute Resolution Procedure shall be documented in writing by each party and shall state the specifics of each alleged dispute and all actions taken. The parties shall act in good faith to resolve all disputes. At all three (3) levels described in Subparagraph 2.3 (Dispute Resolution Procedures), the efforts to resolve a dispute shall be undertaken by conference between the parties' respective representatives, either orally, by face-to-face meeting or by telephone, or in writing by exchange of correspondence.

2.5 Not Applicable to County's Right to Terminate

Notwithstanding any other provision of the Agreement, County's right to terminate the Agreement pursuant to Paragraph 4.0 (Termination for Insolvency), Paragraph 5.0 (Termination for Default), Paragraph 6.0 (Termination for Convenience), or Paragraph 7.0 (Termination for Improper Consideration), in each case, of this Exhibit, or any other termination provision hereunder, shall not be subject to the Dispute Resolution Procedure. The preceding sentence is intended only as a clarification of County's rights, and shall not be deemed to

impair any claims that Contractor may have against County or Contractor's rights to assert such claims after any such termination or such injunctive relief has been obtained.

3.0 CONFIDENTIALITY

3.1 General

Contractor shall maintain the confidentiality of all records and information, events or circumstances which occur during the course of Contractor's performance under the Agreement, in accordance with all applicable Federal, State, and local laws, regulations, ordinances, guidelines, and directives relating to confidentiality. Contractor shall inform all of its directors, officers, shareholders, employees, and agents providing services hereunder of the confidentiality provisions of the Agreement. Contractor shall provide to County an executed Contractor's Employee Acknowledgment and Confidentiality Contract (Exhibit E1 to the Agreement) for each of its employees performing Work under the Agreement. Notwithstanding anything herein to the contrary, Contractor acknowledges and agrees that it is responsible for any breach of the obligations of confidentiality set forth herein by any person or entity to whom Contractor discloses such confidential information.

3.2 Disclosure of Information.

3.2.1 With respect to any confidential information obtained by Contractor pursuant to the Agreement, Contractor shall: (a) not use any such records or information for any purpose whatsoever other than carrying out the express terms of the Agreement; (b) promptly transmit to County all requests for disclosure of any such records or information; (c) not disclose, except as otherwise specifically permitted by the Agreement, any such records or information to any person or organization other than County without County's prior written authorization that the records are, or information is, releasable; and (d) at the expiration or termination of the Agreement, return all such records and information to County or maintain such records and information according to the written procedures sent to Contractor by County for this purpose.

3.2.2 Without limiting the generality of Subparagraph 3.2.1 of this Exhibit, in the event Contractor receives any court or administrative agency order, service of process, or request by any person or entity (other than Contractor's professionals) for disclosure of any such details, Contractor shall immediately notify County Project Director. Thereafter, Contractor shall comply with such order, process, or request only to the extent required by applicable law. Notwithstanding the preceding sentence, to the extent permitted by law, Contractor shall delay such compliance and cooperate with County to obtain relief from such obligations to disclose

until County shall have been given a reasonable opportunity to obtain such relief.

3.3 Contractor Information

Any and all confidential or proprietary information which is developed or was originally acquired by Contractor outside the scope of this Agreement, which Contractor desires to use hereunder, and which Contractor considers to be proprietary or confidential, must be specifically identified by Contractor to County Project Director as proprietary or confidential, and shall be plainly and prominently marked by Contractor as "proprietary" or "confidential." County shall undertake reasonably to maintain the confidentiality of materials marked by Contractor as "proprietary" or "confidential." Notwithstanding any other provision of this Agreement, County shall not be obligated in any way under this Agreement for:

- 3.3.1 Any of Contractor's proprietary and/or confidential materials not plainly and prominently marked with restrictive legends;
- 3.3.2 Any disclosure of any materials which County is required to make under the California Public Records Act or otherwise by law; and
- 3.3.3 Any materials indicating the volume, frequency and type of goods and services provided by Contractor, including, but not limited to use under Paragraph 24.0 (Resolicitation of Bids, Proposals, or Information).

3.4 Use of County Name

In recognizing Contractor's need to identify its services and related clients to sustain itself, County shall not inhibit Contractor from publishing its role under the Agreement within the following conditions:

- 3.4.1 Contractor shall develop all publicity material in a professional manner.
- 3.4.2 During the Term, Contractor shall not publish or disseminate any commercial advertisements, press releases, feature articles, or other materials using the name of County without the prior written consent of County Project Director, which shall not be unreasonably withheld or delayed.
- 3.4.3 Contractor may, without the prior written consent of County, indicate in its proposals and sales materials that it has been awarded the Agreement with County, provided that the requirements of this Subparagraph 3.4 (Use of County Name) (other than the requirements set forth in Subparagraph 3.4.2) shall apply.

- 3.4.4 Notwithstanding anything herein to the contrary, County reserves the right to object to any use of County's name and Contractor shall cure promptly and prospectively any use of County's name that has been objected to by County.

3.5 Injunctive Relief

The parties acknowledge that a breach by either party of this Paragraph 3.0 (Confidentiality) may result in irreparable injury to the non-breaching party that may not be adequately compensated by monetary damages and that, in addition to the non-breaching party's other rights under the Agreement and at law and in equity, the non-breaching party shall have the right to injunctive relief to enforce the provisions of this Paragraph 3.0 (Confidentiality).

4.0 TERMINATION FOR INSOLVENCY

- 4.1 County may terminate the Agreement immediately at any time following the occurrence of any of the following:
- 4.1.1 Contractor has ceased to pay or has admitted in writing its inability to pay its debts for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the United States Bankruptcy Code and whether or not Contractor is insolvent within the meaning of the United States Bankruptcy Code, provided that Contractor shall not be deemed insolvent if it has ceased in the normal course of business to pay debts that Contractor disputes in good faith;
 - 4.1.2 The filing of a voluntary or involuntary petition (which involuntary petition is not dismissed within sixty (60) days) regarding Contractor under the United States Bankruptcy Code;
 - 4.1.3 The appointment of a receiver or trustee for Contractor; or
 - 4.1.4 The execution by Contractor of a general assignment for the benefit of creditors other than in the course of arranging financial lines of credit.
- 4.2 The rights and remedies of County provided in this Paragraph 4.0 (Termination for Insolvency) shall not be exclusive and are in addition to any other rights and remedies provided at law or in equity, or under the Agreement.
- 4.3 Contractor agrees that if Contractor as a debtor-in-possession, or if a trustee in bankruptcy, rejects the Agreement, County may elect to retain its rights under the Agreement, as provided under Section 365(n) of the United States Bankruptcy Code (11 U.S.C. Section 365(n)). Upon written request by County to Contractor or the trustee in bankruptcy, as applicable, Contractor or such trustee shall allow

County to exercise all of its rights and benefits under the Agreement. The foregoing shall survive the termination or expiration of the Agreement for any reason whatsoever.

5.0 TERMINATION FOR DEFAULT

5.1 Event of Default

Either party may, upon notice to the other party, terminate the whole or any part of the Agreement if the other party fails to perform any of its material obligations under this Agreement within the times specified in the Agreement, or breaches or fails to perform or comply with any of the other provisions of the Agreement, including the applicable notice and cure periods, if any (if no cure period is specified in the Agreement, a party shall have thirty (30) days following notice from the other party specifying such breach or failure to cure prior to termination under this Paragraph 5.0 (Termination for Default), or such longer period as the non-breaching party may authorize, in writing, provided that nothing in this Subparagraph 5.1 shall in any way limit or modify any rights or obligations of either party as otherwise set forth in the Agreement.

5.2 Deemed Termination for Convenience

If, after County has given notice of termination under the provisions of this Paragraph 5.0 (Termination for Default), it is determined by County or otherwise that Contractor was not in default under the provisions of this Paragraph 5.0 (Termination for Default), or that the default was excusable or curable under the provisions of this Paragraph 5.0 (Termination for Default), the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Paragraph 6.0 (Termination for Convenience) of this Exhibit except that no additional notice shall be required to effect such termination.

5.3 Completion of Work

Without limiting any of County's rights and remedies pursuant to the Agreement, upon the occurrence of any event giving rise to County's rights to terminate the Agreement, in whole or in part, pursuant to this Paragraph 5.0 (Termination for Default), County may, in lieu of such termination, (a) perform, or cause the performance of, any required correction, remedy and deficiency, replace any noncomplying Work, or take any other such action as may be reasonably required to promptly remedy such default, and (b) debit Contractor therefore at County's direct actual cost of outside labor and materials and County's burdened (including salary, employee benefits and reimbursement policies) rates for labor. Such debit shall be made against any amounts owed by County to Contractor under the Agreement. In the event County elects to proceed under this

Subparagraph 5.3 (Completion of Work), any Work created, modified, or repaired by or at the direction of County shall be deemed Work under the Agreement.

6.0 TERMINATION FOR CONVENIENCE

6.1 Termination for Convenience.

The Agreement may be terminated, in whole or in part from time to time, by County in its sole discretion for any reason. Termination of Work hereunder shall be effected by delivery to Contractor of a notice of termination specifying the extent to which performance of Work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective shall be no less than thirty (30) days after notice.

6.2 No Prejudice; Sole Remedy

Nothing in this Paragraph 6.0 (Termination for Convenience) is deemed to prejudice any right of Contractor to make a claim against County in accordance with the Agreement and applicable law and County procedures for payment for Work through the effective date of termination. Contractor, however, acknowledges that the rights and remedies set forth in this Subparagraph 6.2 shall be the only remedy available to Contractor in the event of a termination or suspension pursuant to this Paragraph 6.0 (Termination for Convenience) by County.

7.0 TERMINATION FOR IMPROPER CONSIDERATION

7.1 County may, upon notice to Contractor, immediately terminate the right of Contractor to proceed under the Agreement if it is found that consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County officer, employee or agent with the intent of securing the Agreement or securing favorable treatment with respect to the award, amendment or extension of the Agreement or the making of any determinations with respect to Contractor's performance pursuant to the Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

7.2 Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to County Auditor-Controller's employee fraud hotline at (800) 544-6861.

7.3 Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment, or tangible gifts.

8.0 TERMINATION FOR GRATUITIES

County may, by notice to Contractor, terminate the right of Contractor to proceed under the Agreement upon one (1) calendar day's notice, if it is found that gratuities in the form of entertainment, gifts, or otherwise were offered or given by Contractor, or any agent or representative of Contractor, to any officer, employee, or agent of County with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing, of such contract. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

9.0 EFFECT OF TERMINATION

9.1 Remedies

In the event that County terminates the Agreement in whole or in part as provided in Paragraph 4.0 (Termination for Insolvency), Paragraph 5.0 (Termination for Default), Paragraph 6.0 (Termination for Convenience), Paragraph 7.0 (Termination for Improper Consideration), or Paragraph 8.0 (Termination for Gratuities), in each case, of this Exhibit, then:

- 9.1.1 Contractor shall (a) stop performing Work under the Agreement on the date and to the extent specified in such notice, (b) promptly transfer and deliver to County copies of all completed Work and Work that is in process, in a media reasonably requested by County, (c) promptly transfer and deliver all items previously paid for by County, and (d) complete performance of such part of the Work as shall not have been terminated by such notice;
- 9.1.2 Unless County has terminated the Agreement pursuant to Paragraph 6.0 (Termination for Convenience) of this Exhibit, County shall have the right to procure, upon such terms and in such a manner as County may determine appropriate, goods, services, and other Work, similar and competitive to those so terminated, and Contractor shall be liable to County for, and shall promptly pay to County by cash payment, any and all excess costs reasonably incurred by County, as determined by County, to procure and furnish such similar goods, services, and other Work;

9.2 Transition Services

Contractor agrees that in the event of any termination of the Agreement, as a result of the breach hereof by either party, or for any other reason, including expiration, Contractor shall fully cooperate with County in the transition by County to a new Contractor, toward the end that there be no interruption of the Department's day to day operations due to the unavailability of the Work during such transition. Contractor agrees that if County terminates the Agreement pursuant to Paragraph 6.0 (Termination for Convenience) of this Exhibit or Subparagraph 5.2 (Deemed Termination for Convenience) of this Exhibit, Contractor shall perform transition services, and shall invoice County for such transition services determined in accordance with the rates specified in Exhibit C (Price Schedule) of the Agreement, in accordance with a transition plan to be agreed upon, in advance, by County Project Director and Contractor. Contractor further agrees that in the event that County terminates the Agreement for any other breach by Contractor, Contractor shall perform transition services at its own expense. In connection with the provision of any transition services pursuant to this Subparagraph 9.2 (Transition Services), Contractor shall provide to County Project Director, on request by County Project Director, documentation that reasonably details the source and amount of the expenses Contractor purports to have incurred in the provision of such transition services.

9.3 Remedies Not Exclusive

The rights and remedies of County set forth in this Paragraph 9.0 (Effect of Termination) are not exclusive of any other rights and remedies available to County at law or in equity, or under the Agreement.

10.0 WARRANTY AGAINST CONTINGENT FEES

- 16.5 The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether Contractor should be debarred, and, if so, the appropriate length of time of the debarment. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

19.5 Contractor shall, with reasonable notice and during regular business hours, allow County representatives access to Contractor's employment records during

regular business hours to verify compliance with the provisions of this Paragraph 19.0 (Nondiscrimination, Affirmative Action, and Assurances) when so requested by County; provided that County's access to such employment records of Contractor shall be limited to access that does not constitute an unlawful invasion of the privacy rights of any such employee. If County finds that any of the provisions of this Paragraph 19.0 (Nondiscrimination, Affirmative Action, and Assurances) have been violated, such violation shall, at the election of County, constitute a material breach of the Agreement upon which County may immediately terminate the Agreement. While County reserves the right to determine independently that the anti-discrimination provisions of the Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated State or Federal anti-discrimination laws or regulations such determination shall constitute a finding by County that Contractor has violated the anti-discrimination provisions of the Agreement. All determinations of violations made pursuant to this Subparagraph 19.5 shall be appealable by Contractor in accordance with applicable laws and regulations, and separately pursuant to the Dispute Resolution Procedures.

- 19.6 The parties agree that if Contractor violates the anti-discrimination provisions of the Agreement, County shall, at its option, be entitled to the sum of five hundred dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating the Agreement.

No officer or employee of Contractor, who may financially benefit from the performance of Work hereunder, shall in any way participate in County's approval, or ongoing evaluation, of such Work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such Work.

23.2 Contractor shall comply with all conflict of interest laws, ordinances and regulations now in effect or hereafter to be enacted during the Term. 25.0 RESTRICTIONS ON LOBBYING

Contractor and each County lobbyist or County lobbying firm as defined in Los Angeles County Code Section 2.160.010, retained by Contractor, shall fully comply with the County lobbyist ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of Contractor or any County lobbyist or County lobbying firm retained by Contractor to fully comply with County lobbyist ordinance shall constitute a material breach of the Agreement upon which County may immediately terminate or suspend the Agreement.

26.0 CONSIDERATION OF GAINPROGRAM PARTICIPANTS FOR EMPLOYMENT

Should Contractor require additional or replacement personnel after the Effective Date, Contractor shall give reasonable consideration for any such employment openings to participants in County's Department of Public Social Services' greater avenues for independence (in this Paragraph, "GAIN") or general relief opportunity for work (in this Paragraph, "GROW") programs who meet Contractor's minimum qualifications for the open position. 28.0 CONTRACTOR PERFORMANCE DURING CIVIL UNREST

Contractor recognizes that County provides services essential to the residents of the communities it serves, and that these services are of particular importance at the time of a riot, insurrection, civil unrest, natural disaster or similar event. Notwithstanding any other provision of this Exhibit or the Agreement, full performance by Contractor during any riot, insurrection, civil unrest, natural disaster or similar event is not excused if such performance remains physically possible without related danger to Contractor's employees or suppliers. During any such event in which the health or safety of any of Contractor's staff members would be endangered by performing their services on-site, such staff members may perform any or all of their services remotely. Failure to comply with this requirement shall be considered a material breach of this Agreement by Contractor, for which County may immediately terminate this Agreement.

29.0 CONTRACTOR'S ACKNOWLEDGMENT OF COUNTY'S COMMITMENT TO CHILD SUPPORT ENFORCEMENT

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "L A's Most Wanted: Delinquent Parents" poster in a prominent position at Contractor's place of business. County's Child Support Services Department (CSSD) will supply Contractor with the poster to be used.

The CSSD will maintain and periodically update the "L.A.'s Most Wanted: Delinquent Parents" list on the Internet. The list may be televised before and after Board meetings.

30.0 CONTRACTOR'S WARRANTY OF ADHERENCE TO COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

- 30.3 Failure of Contractor to maintain compliance with the requirements set forth in this Paragraph 30.0 (Contractor's Warranty of Adherence to County's Child Support Compliance Program) shall constitute a default under this Agreement. Without limiting the rights and remedies available to County under any other provision of this Agreement, failure of Contractor to cure such default within ninety (90) days of written notice shall be grounds upon which County may terminate this Agreement pursuant to Paragraph 5.0 (Termination for Default) and pursue debarment of Contractor, pursuant to County Code Chapter 2.202.

31.0 RECYCLED-CONTENT PAPER

Consistent with the Board's policy to reduce the amount of solid waste deposited at County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible in Contractor's provision of Work pursuant to the Agreement.

This Agreement is subject to the provisions of County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

32.2 Written Employee Jury Service Policy.

- 32.2.1 Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the Los Angeles County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the Los Angeles County Code), Contractor shall have and adhere to a written policy that provides that its employees shall receive from Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with Contractor or that Contractor deduct from the employees' regular pay the fees received for jury service.

- 32.2.2 For purposes of this Paragraph 32.0 (Compliance with Jury Service Program), "Contractor" means a person, partnership, corporation or other entity which has a contract with County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full time employee of Contractor. "Full time" means 40 hours or more worked per week, or a lesser number of hours if: (a) the lesser number is a recognized industry standard as determined by County, or (b) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any subcontractor to perform services for County under the Agreement, the subcontractor shall also be subject to the provisions of this Paragraph 32.0 (Compliance with Jury Service Program). The provisions of this Paragraph 32.0 (Compliance with Jury Service Program) shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
- 32.2.3 If Contractor is not required to comply with the Jury Service Program when the Agreement commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during the Term and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" or that Contractor continues to qualify for an exception to the Jury Service Program.
- 32.2.4 Contractor's violation of this Paragraph 32.0 (Compliance with Jury Service Program) of this Exhibit may constitute a material breach of the Agreement. In the event of such material breach, County may, in its sole discretion, terminate the Agreement or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

33.0 BACKGROUND AND SECURITY INVESTIGATIONS

- 33.1 At any time prior to or during the Term, the County may require that all Contractor staff, subcontractors and agents of Contractor performing Work under

this Agreement undergo and pass, to the satisfaction of the County, a background investigation as a condition of beginning and continuing Work under this Agreement. County shall use its discretion in determining the method of background investigation to be used, up to and including a County-performed fingerprint security clearance.

- 33.2 If any of the Contractor's staff, subcontractors or agents do not pass the background clearance investigation, the County may require that the individual immediately be removed from performing Work at any time during the Term. County will not provide to Contractor or to the individual any information obtained through the County's background investigation.
- 33.3 County may immediately deny or terminate facility access to Contractor's staff, subcontractors or agents who do not pass such investigation(s) to the satisfaction of the County, or whose background or conduct is incompatible with County facility access, at the sole discretion of the County.
- 33.4 Disqualification, if any, of Contractor staff, subcontractors or agents pursuant to this Paragraph 34.0 shall not relieve Contractor of its obligations to complete all Work in accordance with the terms and conditions of this Agreement.

34.0 ACCESS TO COUNTY FACILITIES

Contractor, its employees, and agents will be granted access to County facilities, subject to Contractor's prior notification to the County Project Director, for the purpose of executing Contractor's obligations hereunder. Contractor shall have no tenancy, or any other property or other rights in County facilities. While present at County facilities, Contractor's personnel shall be accompanied by County personnel at all times, unless this requirement is waived in writing prior to such event by the County Project Director.

35.0 COUNTY FACILITY OFFICE SPACE

In order for Contractor to perform services hereunder and only for the performance of such services, County may elect, subject to County's standard administrative and security requirements, to provide Contractor with office space and equipment, as determined at the discretion of the County Project Director, at County facilities, on a non-exclusive use basis. County shall also provide Contractor with reasonable telephone service and network connections in such office space for use only for purposes of the Agreement. County disclaims any and all responsibility for the loss, theft or damage of any property or material left at such County office space by Contractor.

36.0 DAMAGE TO COUNTY FACILITIES, BUILDINGS, OR GROUNDS

- 36.1 Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings or grounds caused by Contractor or employees or agents of Contractor. Such repairs shall be made promptly after Contractor has become aware of such damage, but in no event later than thirty (30) days after the occurrence.
- 36.2 If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs shall be repaid by Contractor by cash payment upon demand, or without limitation of all County's other rights and remedies provided at law or equity, or under the Agreement, County may deduct such costs from any amounts due to Contractor from County under the Agreement.

37.0 PHYSICAL ALTERATIONS

Contractor shall not in any way physically alter or improve any County facility without the prior written approval of the County Project Director, and County's Director of Internal Services Department, in their discretion.

38.0 FEDERAL EARNED INCOME TAX CREDIT

Contractor shall notify its employees that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015.

39.0 ASSIGNMENT BY CONTRACTOR

- 39.1 Contractor shall not assign its rights or delegate its duties under the Agreement, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this Paragraph, County consent shall require a written amendment to the Agreement, which is formally approved and executed by the parties. Any payments by County to any approved delegate or assignee on any claim under the Agreement shall be deductible, at County's sole discretion, against the claims which Contractor may have against the County.
- 39.2 Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of the Agreement, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Agreement.

- 39.3 Any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of the Agreement which may result in the termination of the Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

40.0 INDEPENDENT CONTRACTOR STATUS

- 40.1 The Agreement is by and between County and Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between County and Contractor. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever. Contractor shall function as, and in all respects is, an independent Contractor.
- 40.2 County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of Contractor.
- 40.3 Contractor understands and agrees that all persons performing Work pursuant to the Agreement are, for purposes of workers' compensation liability, the sole employees of Contractor and not employees of County. County shall have no obligation to furnish, or liability for, workers' compensation benefits to any person as a result of any injuries arising from or connected with any Work performed by or on behalf of Contractor pursuant to the Agreement.
- 40.4 Contractor shall provide to County an executed Contractor's Employee Acknowledgment and Confidentiality Agreement (Exhibit E1) for each of its employees performing Work under the Agreement. Such agreements shall be delivered to the County Project Director.

41.0 RECORDS AND AUDITS

- 41.1 Contractor shall maintain accurate and complete financial records of its activities and operations relating to the Agreement, including any termination hereof, in accordance with generally accepted accounting principles. Contractor shall also maintain accurate and complete employment and other records relating to its performance of the Agreement. Contractor agrees that County, or its authorized representatives, shall, with reasonable notice and during regular business hours, have access to and the right to examine, audit, excerpt, copy or transcribe any

pertinent transaction, activity, or records of Contractor relating to the Agreement; provided that County's access to such employment records of Contractor shall be limited to access that does not constitute an unlawful invasion of the privacy rights of any such employee. Should the examination and audit be performed by a non-County entity or should a non-County entity be requested by County to review information received pursuant to an audit or examination under this Paragraph 41.0 (Records and Audits), Contractor may require the non-County examiner or auditor, as the case may be, to execute a nondisclosure contract prior to any disclosure. The nondisclosure Contract shall limit the non-County entity's use of information received or reviewed in connection with the examination and audit to work performed specifically for the benefit of County. All such material, including all financial records, time cards and other employment records, shall be kept and maintained by Contractor and shall be made available to County during the Term and for a period of five (5) years thereafter unless County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by Contractor at a location in Los Angeles County, provided that if any such material is located outside Los Angeles County, then at Contractor's option, Contractor shall either (a) provide County with access to such material at a mutually agreed upon location inside Los Angeles County, or (b) pay County for travel, per diem, and other costs and expenses incurred by County to examine, audit, excerpt, copy or transcribe such material at such outside location.

- 41.2 If an audit is conducted of Contractor specifically regarding the Agreement by any Federal or State auditor, then Contractor shall file a copy of such audit report with County's Auditor Controller and the County Project Director within thirty (30) days of Contractor's receipt thereof, unless otherwise provided by applicable federal or state law or under the Agreement.
- 41.3 If, at any time during or after the Term, representatives of County conduct an audit of Contractor, as and to the extent permitted hereunder, regarding the Work performed under the Agreement, the results of such audit, including any final determination in respect of an underpayment or overpayment, if any by County under the Agreement, shall be provided in writing to Contractor. Contractor shall have thirty (30) days to review the findings contained in such audit and notify County of any objection to the same. Such notice must include, in reasonable detail, the basis for Contractor's objection and any supporting documentation and analysis for Contractor's objection. If the parties cannot agree, within fifteen (15) days of receipt of Contractor's objection to the findings contained in County's audit, on the amount of underpayment or overpayment, if any, by County to Contractor hereunder, then either party may submit such matter to the Dispute Resolution Procedure, provided such matter shall be submitted initially, directly to the County Project Director and the Contractor Project Director. If Contractor fails to notify County of any objection it has to the findings of County's audit within the thirty (30) day period set forth above, Contractor waives any right to

object to the findings of such audit, including any determination of overpayment by County. If such audit, whether initially following a waiver by Contractor of its right of objection or upon final determination pursuant to the Dispute Resolution Procedure, finds that County's dollar liability for any such Work is less than payments made by County to Contractor, then the difference, together with County's reasonable costs of audit, shall be either repaid by Contractor to County by cash payment upon demand or, at the discretion of the County Project Director, deducted from any amounts due to Contractor from County. If such audit finds that County's dollar liability for such Work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County, but in no event shall County's payments to Contractor exceed the Maximum Contract Sum.

42.0 LICENSES, PERMITS, REGISTRATIONS, ACCREDITATION, AND CERTIFICATES

Contractor shall obtain and maintain in effect during the Term all licenses, permits, registrations, accreditation, and certificates required by all Federal, State, and local laws, ordinances, rules, and regulations, which are applicable to Contractor's services under the Agreement. Contractor shall further ensure that all of its officers, employees, and agents who perform services hereunder, shall obtain and maintain in effect during the Term all licenses, permits, registrations, accreditation, and certificates which are applicable to their performance hereunder. If and to the extent requested by County, Contractor shall provide copy of each such license, permit, registration, accreditation, and certificate, in duplicate, to Henry Yee, Manager, Sheriff's Department Contracts Administration, 4700 Ramona Boulevard, Monterey Park, CA 91754-2169.

43.0 NO THIRD PARTY BENEFICIARIES

Notwithstanding any other provision of the Agreement, Contractor and County do not in any way intend that any person or entity shall acquire any rights as a third party beneficiary of the Agreement, except that this Paragraph 43.0 (No Third Party Beneficiaries) shall not be construed to diminish Contractor's indemnification obligations hereunder.

44.0 MOST FAVORED PUBLIC ENTITY

If Contractor's prices decline, or should Contractor, at any time during the Term, provide the same goods and substantially similar services under similar quantity, delivery, and other applicable terms and conditions to the State of California or any county, municipality, public agency, or district within California at prices below those set forth in the Agreement, then such lower prices shall be extended immediately to County.

45.0 COUNTY'S QUALITY ASSURANCE PLAN

County or its agent will evaluate Contractor's performance under the Agreement on not less than an annual basis. Such evaluation will include assessing Contractor's

compliance with the terms and performance standards of the Agreement. Contractor deficiencies which County determines are severe or continuing and that may place performance of the Agreement in jeopardy if not corrected will be reported to the Board. The report will include improvement and corrective action measures taken by County and Contractor. If, following due cure and notice periods for any specified material breach, improvement does not occur consistent with the corrective action measures, County may terminate the Agreement or impose other penalties as specified in the Agreement.

46.0 CONSIDERATION OF HIRING COUNTY EMPLOYEES TARGETED FOR LAYOFF/OR RE-EMPLOYMENT LIST

Should Contractor require personnel in addition to those employed by Contractor on the Effective Date to perform the services set forth herein, Contractor shall give consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Agreement. For this purpose, consideration shall mean that Contractor will interview qualified candidates. Prior to consideration being given by Contractor, County will refer such County employees by job category to Contractor. The above obligations do not apply to positions filled by: (a) third parties who have subcontracted with Contractor to perform the services, or (b) Contractor's current employees.

47.0 CONTRACTOR TO NOTIFY COUNTY WHEN IT HAS REACHED 75% OF MAXIMUM CONTRACT SUM (UNDER CONTRACT SUM PROVISION)

Contractor shall maintain a system of record keeping that will allow Contractor to determine when it has incurred seventy-five percent (75%) of the Maximum Contract Sum. Upon occurrence of this event, Contractor shall send written notification to the County Project Director and the County Project Manager.

48.0 NO PAYMENT FOR SERVICES PROVIDED FOLLOWING EXPIRATION OR TERMINATION OF CONTRACT

Contractor shall have no claim against County for payment of any money or reimbursement, of any kind whatsoever, for any service provided by Contractor under the Agreement, after the expiration or other termination of this Agreement. Should Contractor receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration or termination of this Agreement shall not constitute a waiver of County's right to recover such payment from Contractor. This provision shall survive the expiration or other termination of this Agreement.

49.0 SAFELY SURRENDERED BABY LAW

49.1 Notice to Employees

Contractor shall notify and provide to its employees residing in or working in the State of California, and shall require each subcontractor performing Work under this Agreement to notify and provide to its employees residing in or working in the State of California, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is available on the Internet at www.babysafela.org for printing purposes.

49.2 Contractor's Acknowledgement of County's Commitment to the Safely Surrendered Baby Law

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used.

50.0 PROHIBITION AGAINST INDUCEMENT OR PERSUASION

The Contractor and the County agree that, during the term of this Agreement and for a period of one (1) year thereafter, neither party shall in any way intentionally induce or persuade any employee of one party to become an employee or agent of the other party. No bar exists against any hiring action initiated through a public announcement.

51.0 PUBLIC RECORDS ACT

51.1 Any documents submitted by Contractor, all information obtained in connection with the County's right to audit and inspect Contractor's documents, books, and accounting records, pursuant to Paragraph 41.0 (Records and Audits) of this Agreement; as well as those documents which were required to be submitted in response to the Invitation for Bids (IFB)/Request for Proposals (RFP) used in the solicitation process for this Agreement, become the exclusive property of the County. All such documents become a matter of public record and shall be regarded as public records. Exceptions will be those elements in the California Government Code Section 6250 et seq. (Public Records Act) and which are marked "trade secret", "confidential", or "proprietary". The County shall not in any way be liable or responsible for the disclosure of any such records, including, without limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.

51.2 In the event the County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a bid/proposal marked "trade secret", "confidential", or "proprietary", the Contractor agrees to defend and indemnify the County from all costs and expenses, including reasonable attorney's fees, in action or liability arising under the Public Records Act.

52.0 WAIVER

No waiver by County of any breach of any provision of the Agreement shall constitute a waiver of any other breach or of such provision. Failure of County to enforce at any time, or from time to time, any provision of the Agreement shall not be construed as a waiver thereof. The rights and remedies set forth in the Agreement shall not be exclusive and are in addition to any other rights and remedies provided at law or in equity, or under the Agreement.

53.0 GOVERNING LAW, JURISDICTION, AND VENUE

The Agreement shall be governed by, and construed in accordance with, the substantive and procedural laws of the State of California applicable to contracts made and to be performed within that state. Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California (except with respect to claims that are subject to exclusive Federal subject matter jurisdiction, as to which Contractor agrees and consents to the exclusive jurisdiction of the United States District Court of the Central District of California) for all purposes regarding the Agreement and further agrees and consents that venue of any action brought hereunder shall be exclusively in the Central District of the Superior Court for the County of Los Angeles, California.

54.0 SEVERABILITY

If any provision of the Agreement is adjudged void or invalid for any reason whatsoever, but would be valid if part of the wording thereof were deleted or changed, then such provision shall apply with such modifications as may be necessary to make it valid and effective. In the event that one or more of the provisions of the Agreement is found to be invalid, illegal or unenforceable in any respect, such provision shall be deleted here from and the validity, legality, and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby, unless the Agreement fails of its essential purpose because of such deletion.

55.0 RIGHTS AND REMEDIES

The rights and remedies of County provided in any given Paragraph, as well as throughout the Agreement, including throughout this Exhibit, are non-exclusive and cumulative with any and all other rights and remedies under this Agreement, at law, or in equity.

56.0 FACSIMILE

Except for the parties initial signatures to the Agreement, which must be provided in "original" form, and not by facsimile, County and Contractor hereby agree to regard facsimile representations of original signatures of authorized officials of each party, when appearing in appropriate places on change notices or in other correspondence, notices, etc. requiring signatures, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed thereto, such that the parties need not follow up facsimile transmissions of such documents with subsequent (non-facsimile) transmission of "original" versions of such documents.

STATEMENT OF WORK**

1.0 INTRODUCTION

1.1 Scope of Work

The purpose of this project is to refine detailed needs, available resources, and then specify Voice and Data network(s) which will be able to support the operational needs of all Public Safety Agencies within the County of Los Angeles, California, on the basis of earlier work completed by the Regional Interoperability Steering Committee (RISC). The end result of this project will provide a set of operationally driven technical specifications that can be merged with the appropriate procurement documents and published as a Request for Proposal (RFP) in no more than nine months after the signing of the Agreement.

The Contractor will build upon the findings of three projects that directly or indirectly address County-wide requirements and design concepts for a new County-wide multi-agency, interoperable public safety radio and dispatch infrastructure. The Consolidated Fire-Sheriff Communication System (CFSCS) Phase I Report and its subsequent revisions, as well as, the efforts ongoing with the Phase II design refinements and preparation of specification for the Fire, Sheriff and Office of Public Safety (OPS) departments have provided a County-level perspective. The 2005 Study undertaken by RISC to assess the feasibility for a new Los Angeles regional public safety radio system further provides a conceptual but broader multi-agency perspective.

1.2 Background

In September 2000, a contractor was hired by the County to explore the feasibility of replacing the existing and nearly obsolete Fire and Sheriff Radio Communications systems with a single modern radio system providing extensive voice and data services, improving coverage throughout the County. As a result of the study, it was recommended that a consolidated radio communications system for Fire, Sheriff and Office of Public Safety should be implemented.

In April 2005, RISC was created to explore the opportunity of utilizing a consultant to conduct a county-wide radio interoperability study. The Committee consisted of the chief executives of the major public safety departments within the Los Angeles County as well as the chief administrative officers for the City and County of Los Angeles, and representatives of the independent police and fire chiefs.

**EXHIBIT B
STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY
CONSULTANCY SERVICES**

In July 2005, RISC hired the same Contractor to validate the concept of interoperability across Los Angeles County public safety departments, and to study the need for public safety radio communications interoperability between the Los Angeles Police Department (LAPD), the Los Angeles Fire Department (LAFD), the Port of Los Angeles Police, the Los Angeles World Airports (LAWA) Police, the Los Angeles County Sheriff's Department (LASD), the Los Angeles County Fire Department (LACoFD), the Los Angeles County Department of Health Services (LACoDHS), and other public safety agencies within the Los Angeles County area. In this 2005 study, the Contractor concluded that interoperability between the public safety agencies of the City of Los Angeles and the other public safety agencies in the region would best be achieved with the creation of a shared region-wide single platform voice and data radio system.

The new radio system would be shared by LAPD, LAFD, LASD, LACoFD, LACoDHS, and the many municipal public safety agencies within Los Angeles County. It would be created by pooling the agencies' UHF band radio frequencies into a shared radio system for voice, and the agencies' 800 MHz frequencies into a shared mobile data system. It would also involve pooling other telecommunication resources, such as radio towers and repeater sites.

1.3 The Urban Area Security Initiative (UASI) Grant Program

The U.S. Department of Homeland Security, Office of Domestic Preparedness (ODP) has provided \$765 million in funding under the FY 2006 UASI grant program to 35 high-threat urban areas nationwide and 11 cities that were UASI-designees last year. The City of Los Angeles has applied for and been awarded the grant on behalf of the Los Angeles/Long Beach Urban Area and are authorized to administer the grant. It is anticipated that the Sheriff's Department will be awarded \$2.5 million under UASI in March/April 2007.

The grant funding was requested to study the feasibility of a county-wide single platform interoperable communications system. The grant language calls for an accelerated consultant study to determine the needs of all public safety agencies (those that would be considered first responders) within Los Angeles County. This study must be completed no more than six months after signing of a contract with a needs assessment based on recent studies and/or personal agency interviews.

**EXHIBIT B
STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY
CONSULTANCY SERVICES**

The consultant must concurrently write the necessary specifications and requirements so that a Request for Proposal (RFP)/Bid could be released no more than nine (9) months after signing of a contract. This RFP/Bid would provide single platform standards based communications for all public safety agencies in Los Angeles County.

STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY

2.0 TASKS AND DELIVERABLES

2.1 Task 1 Development of a Project Control Document

The Contractor shall create a Project Control Document (**Deliverable 1**) as set forth in Section 4.1 (Development of a Project Control Document) below.

2.2 Task 2 Project Kick-off

Upon initiation of the project the County's Project manager shall send a notice to all agencies within the County notifying them that the Contractor is beginning work on the initiative to develop specifications to procure a standards based interoperable communications platform, and invite them to a Project Kick-off Meeting. The Contractor will host the Project Kick-off Meeting at a location determined by the County's Project Manager for all stakeholders that have expressed a desire to attend. The Contractor shall present an overview of the SOW and the key Contractor's project staff will host a Q&A session about the project. The Contractor shall establish a secure project web site with security measures approved by the County Project Manager and each agency that expresses an interest shall be granted a user logon to the site. All documents provided as part of the project shall be posted on the site for either on-line review or for download.

2.2.1 Sub-Task 2A Participant Interest Review

Each participant will be asked to confirm that the information that may have been provided as part of the RISC Final Report is still valid, and they may be asked to provide more detailed information about their requirements and available resources. Participants that were not interviewed as part of the RISC Report will be asked to provide at least the same level of information as was provided during the Phase I of the RISC project. This task is anticipated to include both telephone interviews as well as on site meetings with various agencies within the County.

To promote the vision of RISC to agency stakeholders, civic leaders, the broader public safety community, State and National leaders the Contractor shall develop on a Microsoft PowerPoint platform a presentation that will define the issues and objectives that have driven the need for the RISC initiatives. It shall capture and present the operational vision that encompass the RISC

Project, and will examine the future technical advantages, operational efficiencies, and financial benefits both in development and in ongoing management and support. RCC will develop a baseline presentation with segmented modules that can be eliminated or included based on the presentation audience. The Contractor shall produce a Project Initiation and Stakeholder Alignment Report (**Deliverable 2**) within four (4) weeks from the start of the Project.

2.3 Task 3 Resource verification and Infrastructure Assessment

Equipment specific detailed design definition will ultimately be the responsibility of the selected vendor. The Contractor, however, shall develop bounded specifications which will reflect the agreed to stakeholder's expectations. This task shall focus on an expanded and detailed inventory of previously identified physical resources (antenna sites, equipment rooms, backbone networks, etc. The intent of this assessment will be to provide general definition as to available space, power and grounding, capacity, and general condition of each site. In addition, the Contractor shall assess required radio frequencies needed or that may be made available from the project participants.

2.3.1 Sub-Task 3A Antenna Site Surveys

The Contractor shall visit each identified antenna site to document the site's condition and any obvious improvements that may be required. The surveys will focus on both gathering factual information about each of the sites as well as making a subjective assessment of the following conditions of each site:

- Site Access
- Layout of buildings, towers, antennas, fencing, and grounding
- Space for expansion of shelter or need for an additional shelter
- Audit of electrical power and telecomm circuits
- Audit of backup power system(s)
- Grounding
- Limited noise floor measurement
- Site ownership/leasing issues

**EXHIBIT B
STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY
CONSULTANCY SERVICES**

The Contractor shall survey specific L.A. County antenna sites, L.A. City antenna sites, and a number of sites owned/ controlled by other municipalities or agencies. In addition, a select number of private sites shall also be surveyed. In total, the Contractor shall survey up to **120** sites (primary sites and potential alternate sites). This process is being performed during the planning phase of the project to reduce the time necessary to obtain the large number of sites that will be required by the Regional Radio System. Following this assessment the Contractor shall generate a Microsoft Office/ AutoCAD site package containing all the information gathered at each site. The Contractor shall use the County of Los Angeles-ISD site inventory document format for the assessment of each site. The Contractor shall produce a Survey Mid-Course Review Report (**Deliverable 3**) within ten (10) weeks from the start of the Project.

2.3.2 Sub-Task 3B Survey of Other Resources

The Contractor shall assess any other resources that are offered or discovered during the survey process. Opportunities with other potential partners that may be in a position to provide frequency or other resources (such as LAUSD) will be evaluated, and if justified be surveyed, assessed, and documented for future consideration. The documentation shall focus on gathering factual information about each of the sites, as well as, making a subjective assessment of the condition of each of the sites:

- Site Access
- Layout of buildings, towers, antennas, fencing, and grounding
- Space for expansion of shelter or need for an additional shelter
- Audit of electrical power and telecomm circuits
- Audit of backup power system(s)
- Grounding
- Limited noise floor measurement
- Site ownership/leasing issues

Following this assessment the Contractor shall generate a Microsoft Office/ AutoCAD site package containing all the information gathered at each site. The Contractor shall use the County of Los Angeles-ISD site inventory document format for the assessment of each site. The

**EXHIBIT B
STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY
CONSULTANCY SERVICES**

Contractor shall produce a Survey Findings Report (**Deliverable 4**) within sixteen (16) weeks from the start of the Project.

2.4 Task 4 Resource Utilization Planning

The Contractor shall identify and evaluate all applicable and potentially usable resources for future consideration. The information gathered in Tasks 2 and 3 will be utilized to provide a baseline of available resources for consideration. The resulting utilization plan will be driven by identified user requirements and system performance criteria. The requirements and criteria identified in Sub-tasks 4B through 4H shall be incorporated into Deliverable 5.

2.4.1 Sub-Task 4A Consolidated User Requirements

The Contractor shall develop a consolidated requirements document, based on the previous studies and new information gathered in the previous tasks. The Contractor shall try to capture in the most granular fashion possible specific user requirements that are deemed mandatory, desirable or for future consideration. The Contractor shall capture these requirements as part of a project database that will catalog and identify each requirement. From a broad normalized list of captured requirements, the Contractor shall work with the broader project team to qualify, refine, and consolidate the discovered requirements into a requirements document that will be used to develop the ultimate project specification(s). The Contractor shall produce a User Requirement Report (**Deliverable 5**) within eighteen (18) weeks from the start of the Project.

2.4.2 Sub-Task 4B System Requirements

The Contractor shall define system technical requirements to meet user operational requirements. Most critical to the definition of ultimate system specifications will be the definition of "minimum acceptable system performance requirements." Given this definition the Contractor shall define required minimum service availability operational design objectives. Furthermore, the Contractor shall define system requirements in terms that address the specific consolidated user requirements that are developed.

**EXHIBIT B
STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY

2.4.3 Sub-Task 4C Radio Coverage and System Capacity

The Contractor shall identify sites and the number of voice, data and microwave frequencies necessary to meet coverage and capacity system requirements.

2.4.4 Sub-Task 4D Spectrum Survey and Preliminary Frequency Allocation Plans

The Contractor shall review each participant's Federal Communications Commission (FCC) licenses and the licenses of other users primarily within the UHF, 800 MHz and Part 101 microwave frequency bands in order to determine the exact state of the RF spectrum environment within Los Angeles County. The Contractor shall develop a Frequency Allocation Plan based on the radio coverage and system capacity report. This plan will look at the UHF (voice) and 800 MHz (data) and Part 101 (microwave) frequencies available for use in the regional system taking into account the surrounding RF spectrum environment. In addition, this frequency plan will take into account co-channel and adjacent channel frequency usage issues. Based upon the anticipated participation by all agencies there may be alternatives discovered that could support a potential for a staggered implementation of resources. The Contractor shall also continue to assess the emerging public safety 700 MHz deployment in the Los Angeles area, recognizing that this complementary resource will be a major factor and in the implementation of the RISC platform in the future.

2.4.5 Sub-Task 4E Special Radio Coverage Issues

In the previous studies, it has been identified that even with the proposed RISC conceptual coverage analysis there are rural coverage issue, particularly in the mountains that will require some special attention. the Contractor shall assess alternatives for providing coverage within the mountainous areas for review, consideration and for specific inclusion in the specification documents. The vendors will be required to pay particular attention in addressing these issues and developing creative solutions from the detailed information provided.

2.4.6 Sub-Task 4F Alternatives for Regionally Evolving Systems

Stakeholder agencies and groups of stakeholder agencies have initiatives in different stages of development, which need to be understood and planned for from the larger interoperability perspectives that govern the goals and objectives of this effort. The Contractor shall identify these initiatives; communicate with the sponsoring agencies; and factor these initiatives into the integration plans and options produced under this Agreement.

2.4.7 Sub-Task 4G Project Staffing Requirements

Implementation of the new regional radio system will require that the participating agencies perform certain specific project functions. Alternatively, some project implementation responsibilities may be fulfilled by contractors. The Contractor shall identify staffing needs to implement the New Multi-Agency Interoperable Radio System. The Contractor shall coordinate project staffing requirements based on, and in cooperation with, the parallel evolving governance regional body.

2.4.8 Sub-Task 4H Operating and Maintenance Requirements

Using the criteria developed in the foregoing tasks, the Contractor shall identify operational and maintenance models that will ensure reliable service availability. The Contractor shall also identify expected equipment scenarios to define recommended operational and maintenance approaches. Staffing and other resource needs will be addressed. Specifically, the following will be considered:

- Administrative/operational staffing.
- Maintenance staffing
- Recurring Costs
 - Utilities
 - Site Leases
 - Maintenance contracts
- Programmed lifecycle replacement of subscriber units
- Planned upgrades
 - Population growth areas and coverage expansion
 - 700 MHz

2.5 Task 5 Budget and Lifecycle Cost Validation

From the more detailed information developed in Task 3, the Contractor shall update and validate the capital budgets developed in the RISC plan. Specifically, the following will be considered:

- Antenna site readiness & site work needed
- Exact subscriber unit quantities
- Tunnel coverage cost estimates

The Contractor shall also develop lifecycle operating and maintenance costs estimates based on the information developed in Sub-Task 4H, above.

2.6 Task 6 Migration Planning

The Contractor shall prepare a risk assessment and risk mitigation report for migration to the new system. As part of the report, the Contractor shall develop at least three potential migration scenarios for review and consideration. The Contractor shall identify scenarios for graceful and controlled fall back to existing systems to mitigate risks inherent in the cut over process. The Contractor shall further define stepped migration of services to further minimize risks. Sensitivity to impacts to minimal acceptable service levels shall be addressed, along with the recommended scenarios as part of the prepared specification(s).

2.7 Task 7 Development of Performance Based Technical Specifications

The Contractor shall develop performance based technical specifications with the project team, including:

- Physical Assets Requirements - List of preferred antenna sites (primary and alternates) that vendors may use for design purposes. The preferred sites will already have been surveyed and preliminary clearances for use obtained.
- Radio Spectrum Requirements - List available pooled spectrum resources, potential alternate and additional resources, and proposed user distribution to assist with the selection of an architecture for spectrum distribution and utilization.
- User Operational Requirements - Provide a detailed description of user feature sets as defined in Sub-Task 3A. These requirements and specific features will be packaged in the specification so as to identify

**EXHIBIT B
STATEMENT OF WORK**

**THE LOS ANGELES COUNTY PUBLIC SAFETY RADIO INTEROPERABILITY

their functionality and operational expectations in a real world regional operational environment.

- **System Performance Requirements** - The specifications will identify the level of strength and overall service availability required, so as to steer the vendors as to proposed equipment and overall systems architecture. Issue such as coverage and throughput will be identified in the specifications, as well as application specific needs and integration of existing regional resources.
- **Operations and Maintenance Requirements** - Driven by the overall service availability and specific operational needs the Contractor shall specify requirements that will not point towards specific equipment and architectural design approaches. These requirements will seek specific operational approaches and required maintenance scenarios, such as maintenance staffing, staffing deployment, staging of spare parts, as well as, Network Operation Center (NOC) functionality and service monitoring.
- **System Testing Requirements** - As part of the prepared specifications the Contractor shall address testing requirements to ensure conformance with and compliance with the requirements set forth in the specifications. The Contractor shall propose a general three (3) step testing process which will call for the following:
 - **Functional Acceptance Testing** - This involves testing of the individual components and sub-systems to ensure that the promised functionality (including such things such as response time under load, failure recovery, etc.) is provided and that the components and sub-systems meet the manufacturer's specifications. These tests will be witnessed and verified by project staff.
 - **Radio Coverage Verification Acceptance Testing** - At the completion of the installation process, geographic radio coverage, signal quality and coverage reliability will be tested and compared against the coverage contractually guaranteed by the vendor. Again, project staff will participate in and verify the testing process.
 - **Reliability Acceptance Testing** - Following the successful completion of Radio Coverage Verification Acceptance Testing, the radio system will have a burn-in period allowing it to stabilize. This phase of testing will be considered successful when the system completes a pre-defined time period (typically two to three months) with no occurrences of significant faults.
